Load Data:

```
playerbb = read.csv("/Users/stevengarrity/SMU_MSDS/DS6306_DoingDataScience/DDS_Git/Unit 2/PlayersBBall.
summary(playerbb)
```

Question 1

Use the PlayerBBall.csv dataset to visually represent (summarize) the number of players in each position.

Question 2

Use the dataset to visually investigate the distribution of the weight of centers (C) is greater than the distribution of the weight of forwards (F).
